*Dear Mr. Prochasson,*

In connection with the conference entitled "La Nouvelle École Polonaise de la Shoah", co-organized by EHESS in your university buildings on 21-22 February this year, and divergent assessments and accusations in the context of its course, we ask you to provide the official record of all its sessions and discussions.

We assume that a conference of this rank should have been officially recorded, including presentations and discussions. At the same time, we are surprised that the organizers had imposed on the participants a ban on any form of sound recording.

Fulfilling our request will allow us to thoroughly verify conflicting information about the entire course of the conference.

*Yours sincerely,*
